

BUSINESS MANAGEMENT

**University 1st & 2nd Year
(Level 4 & 5)**

Powered By Mortha Halls of Ivy

COURSE OVERVIEW

About This Course

Embark on a life-changing journey with our Level 4 and 5 Diploma in Business Management. This transformative 240-credit course is your gateway to the final year of an undergraduate degree in business and management, which you can complete at a prestigious UK university or through the convenience of flexible distance learning.

Imagine completing each level, comprising 6 comprehensive units and 6 thought-provoking written assignments, knowing that you are receiving an education equivalent to the first and second years of a UK university degree. With the completion of Level 4, you'll earn a 120-credit diploma, opening doors to an exemption from the first year of university. Level 5 continues this journey, granting an exemption from the second year, setting you firmly on the path to success.

Our course materials are designed to enrich your learning experience, with recommended exercises, engaging readings, recorded seminars, and valuable internet resources. The final evaluation through assignment submissions ensures you've mastered each level, solidifying your knowledge and skills.

But here's the truly inspiring part: by choosing to study the first two years online or through distance learning, you are making a smart, financially savvy decision. You will receive the same top-tier education while saving on the substantial tuition fees and living costs in the UK. This means you can focus on your studies without the financial strain, paving the way for a brighter future.

Upon completing the final year at a renowned UK university or online, you will earn a full UK degree, with no mention of the first two years being studied online or through distance learning. This unique opportunity offers you a prestigious degree, exceptional quality education, and significant savings.

Take the leap towards your dreams. Enroll in our Level 4 and 5 Diploma in Business Management and transform your future today. Your journey to a prestigious degree and a successful career starts here.

Awarding Body

ELIGIBILITY

Am I eligible for this programme?

Proficiency in reading, writing, listening, and speaking English is required. This proficiency will be determined by one of our staff members during an interaction with the student after they have shown interest in the course.

To enroll in the level 4 course, you must be at least 18 years old and have completed secondary education.

To enroll in the level 5 course, you must have completed a level 4 equivalent.

LEVEL 4: MODULE LISTING

Mandatory Units

Communications in Organisations

Effective communication within organisations ensures clear and efficient exchange of information. It includes verbal and written interactions that facilitate understanding, collaboration, and problem-solving among team members and stakeholders.

Leadership and the Organisation

Leadership in organisations involves guiding teams towards common goals, inspiring innovation, and fostering a positive work environment. Effective leadership empowers employees, promotes growth, and ensures alignment with organisational values and objectives.

Financial Awareness

Financial awareness refers to understanding financial concepts and statements to make informed business decisions. It includes interpreting financial reports, managing budgets, assessing financial risks, and optimizing financial resources to support organisational sustainability and growth.

Managing Change

Managing change involves planning, implementing, and monitoring transitions within organisations. It includes communication strategies, stakeholder engagement, and adaptive leadership to navigate challenges and ensure successful adoption of new processes or strategies.

Business Operations

Business operations encompass the day-to-day activities that drive organisational efficiency and effectiveness. It includes managing production, logistics, supply chain, and customer interactions to deliver products or services efficiently while maintaining quality and profitability.

Developing Teams

Developing teams focuses on building strong, collaborative teams that achieve shared goals. It involves fostering teamwork, defining roles, providing training, and promoting a supportive culture that enhances productivity, creativity, and employee satisfaction.

LEVEL 5: MODULE LISTING

Mandatory Units

Responding to the Changing Business Environment

Adapting to changes in the business environment involves recognising market shifts, technological advancements, and regulatory changes. Organisations must adjust strategies, operations, and resources to remain competitive and sustain growth.

Effective Decision Making

Effective decision-making involves gathering relevant information, evaluating alternatives, and choosing the best course of action. It requires critical thinking, problem-solving skills, and consideration of organisational goals and stakeholders' interests.

Business Development

Business development focuses on identifying growth opportunities and expanding market reach. It includes strategic planning, partnerships, and innovation to increase revenue, market share, and customer base while maintaining profitability.

Business Models and Growing Organisations

Business models define how organisations create, deliver, and capture value. Growing organisations refine their business models to optimize operations, scale efficiently, and sustain long-term success in competitive markets.

Customer Management

Customer management involves understanding customer needs, preferences, and behaviors to build lasting relationships. It includes strategies for customer acquisition, retention, satisfaction, and loyalty through personalized experiences and effective communication.

Risk Management and Organisations

Risk management is essential for identifying, assessing, and mitigating risks that could impact organisational objectives. It includes strategies for financial, operational, strategic, and compliance risks to minimize disruptions and enhance resilience.

LEARNING OUTCOMES

The learning outcomes of the diploma are

- To understand and apply the principles of leadership in a business environment.
- Review and apply the principles of business management within industry.
- Select, collate, review and analyse information from a wide range of sources.
- To improve employability of learners by allowing them to explore the relationship between theories and their practical application.

CAREER OPPORTUNITIES

Primary areas of employment include:

- | | |
|----------------------|---------------------|
| ● Operations Manager | ● Sales Manager |
| ● Account Manager | ● Business Analyst |
| ● Financial Analyst | ● Assistant Manager |
| ● Marketing Manager | |

HIGHLIGHTS OF STUDYING THE FINAL YEAR IN THE UK

1. Exposure to World-Class Education:

By completing their final year in the UK, students gain access to high-quality education from prestigious institutions, enhancing their academic credentials and broadening their learning experiences.

2. Enhanced Career Prospects:

- Graduating from a UK institution significantly boosts employability. UK qualifications are highly regarded worldwide, and students benefit from the robust career support services offered by UK universities, including internships, job fairs, and networking opportunities.

3. Post-Study Work Visa:

- International students can apply for the post-study work visa, allowing them to stay in the UK for two years after graduation to look for work. This visa provides a pathway to gain valuable work experience and potentially settle in the UK permanently.

4. Entrepreneurial Opportunities:

- The UK fosters a thriving entrepreneurial ecosystem, providing resources and support for graduates who wish to start their own businesses. Students can take advantage of various startup incubators, funding opportunities, and mentorship programs.

5. Further Studies:

- The UK offers excellent opportunities for further education, including postgraduate and doctoral programs. Students can advance their academic pursuits in a supportive and resource-rich environment.

6. High Living Standards:

- The UK is known for its clean and safe environment, prioritising health and safety for all residents. The country boasts excellent healthcare facilities, accessible housing options, and a low level of pollution.

7. Work Culture and Opportunities:

- The UK has a diverse and inclusive work culture, promoting a healthy work-life balance. Graduates can find employment across various sectors, benefiting from the country's strong economy and numerous job opportunities.

8. Family Benefits:

- Students can bring their dependents to the UK under certain conditions. Dependents have access to free education for children and healthcare services for residents, ensuring a supportive environment for the entire family.

9. Cultural Diversity:

- The UK is a melting pot of cultures, offering students a rich and diverse social experience.

10. Travel Opportunities:

- Located in Europe, the UK provides easy access to travel across the continent, allowing students to explore various countries and cultures.

11. Historical and Cultural Richness:

- Students can immerse themselves in the UK's rich history and culture, visiting museums, historical sites, and engaging in various cultural activities.

Accelerate Your Education: Complete Levels 4 and 5 in 18 Months

We are thrilled to offer an accelerated programme allowing students to complete both Level 4 and Level 5 qualifications in just 18 months instead of 2 years. This fast-track option ensures:

- Uncompromised Quality: No reduction in syllabus, learning outcomes, or credits.
- Full Credits Awarded: Earn the same credits as the traditional two-year programme.
- Intensive Learning: Benefit from a rigorous and supportive learning environment.

Commit now to both years at registration and fast-track your education without sacrificing quality. Contact us today for more details and to enrol.
